The following is from a physician of high character, now in Illinois, formerly of Lou-

Fahnestock's Vermifuge in the practice of medicine, in this and the Southern States, for the last ten years, and I can recommend it as the medicine for the purpose for which it was intended; bringing at one time, from a small girl, of, say, ten years of age, ONE HUNDRED AND SEVENTY-NINE WORMS. As a druggist at Shawnes town, I have sold a great quantity, and it has invariably given satisfaction. In fact, it is the only worm medicine now called for.

This sanction has been be stowed upon STABLER'S ANODYNE CHERRY EXPEC-TORANT and DIARRHEEA CORDIAL in more than five hundred instances. Indeed many medical men who know their virtues regularly prescribe the Expectorant in cases of Coughs, Colds, and diseases of the respiratory organs which come under their care. And, in all diseases of the bowels, too, such as Diarrhoea, the Diarrhoea Cordial is prescribed by them with the utmost confidence in its bene ficial effects. Give these excellent medicines a trial.
